“Each passing day adds a new chapter to the success story of Lux Cabin.”

Since 2009, Lux Cabin Industrial Group has been committed to designing and manufacturing premium washbasin cabinets and bathroom mirrors that blend modern aesthetics with lasting quality.

Within less than a decade, Lux Cabin has emerged as Iran’s leading producer of PVC cabinetry and innovative mirrors featuring touch and heating technologies.

Located on a 30,000 m² site in BuAli Industrial Town, Hamadan, our advanced production facility boasts an annual capacity of over 120,000 complete sets. With cutting-edge CNC machines, vacuum coating and painting systems, and fully automated packaging lines, we meet ISO 9001 standards and ensure excellence, precision, and innovation throughout every stage of production.

Our exclusive collections include modern, classic, and minimalist designs, refreshed each year with a refined color palette—featuring Royal Green, Mocha, Ivory, and Deep Gray—paired with Soft-Touch finishes, custom stainless-steel fittings, and elegant, durable packaging.

Proudly serving both domestic and international markets through a robust sales network and professional after-sales service, Lux Cabin continues to create opportunities for over 350 direct employees and around 1,500 indirect workers, carrying forward its vision of craftsmanship, creativity, and sustainable growth.
